

FISCAL NOTE

SB 3817 - HB 3639

March 2, 2008

SUMMARY OF BILL: Requires a public utility or wireless communications provider who provides telecommunication devices to consumers to provide devices capable of being located by a satellite-based monitoring system that can geographically position the location of the device. Authorizes law enforcement officers, with a judge's authorization, to locate victims of violent crimes through the use of geographic locations of telecommunication devices.

ESTIMATED FISCAL IMPACT:

Increase Local Expenditures – Not Significant

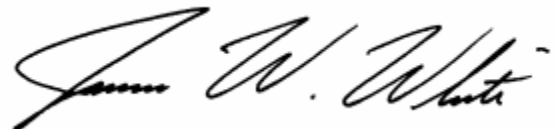

Increase State Expenditures – Not Significant

Assumption:

- Any cost associated with obtaining a court order to use telecommunication devices in order to locate the victim of a violent crime can be accommodated within existing resources.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James W. White, Executive Director
